About the Atlanta-Region Transit Link Authority

The ATL was established by HB 930 to provide coordinated transit planning and funding for the metro Atlanta region. The ATL is responsible for developing a Regional Transit Plan, as well as identifying and prioritizing the projects and initiatives required to develop region-wide transit. The ATL is also charged with creating a unified regional transit system brand. The population of metro Atlanta is growing rapidly — projected to add an additional 2.5 million residents by 2040. The ATL is a critical step towards more efficient and effective transit and mobility in the region.
