PROPOSAL FOR AWARD OF REMAINING FY24 TRANSIT TRUST FUND

Abby Marinelli presented a proposal for the allocation of the remaining FY24 Transit Trust Fund (TTF) dollars. The Atlanta region initially received just over \$12.5 million in transit trust funds, of which slightly more than \$10 million has already been allocated, leaving an unobligated balance of \$2.21 million. Staff recommended awarding this remaining amount to two projects:

- 1. Automated Vehicle Pilot on the Beltline**
- 2. Phase One of the IPECs (In-Person Employment Centers) Study**

FY25 TRANSIT TRUST FUND COMPETITIVE PROCESS

Abby Marinelli introduced the implementation of a formal competitive process for allocating an initial \$15M of total available \$20M in FY25 TTF funding. For FY25, staff proposed a shift to a more structured, transparent, and competitive process. This will be conducted through a **Notice of Funding Opportunity (NOFO)**, which opens the application window ending on August 1, 2025. The NOFO will specify eligible project types and funding priorities, which include:

- Technology projects
- Planning projects
- Small regional capital projects

BOND LIST-FIRST READ

Abby Marinelli delivered a presentation on staff's recommendation for the annual Bond List submittal to the Governor's Office and the General Assembly. State law requires the ATL to annually submit a list of projects of state and regional significance for potential inclusion in state general obligation bond funding. Staff recommended no projects for submission.
